NUMBER 2.

POSTAL SAVINGS BANK BILL PASSED

Democrats And Regulars Join in Roll Call on Measure In House.

Washington, June 9.—By the overwhelming majority of 195 to 196 the house tonight passed the postal savings bank bill as agreed upon by the republican caucus of the house. A single republican voted against the measure on the final roll call.

Up to this action the house 195 to 196 rejected the democratic substitute for the bill proposed by the minority. The vote in the several motions in the disposition of the bill were followed six hours of debate in which many republicans and democrats recorded views on the bill of the majority and the substitute supported by a large portion of the minority. The large defection of the democrats was shown in the democratic substitute voted upon, twenty-one of the democrats joined the republicans in voting against the measure, of whom were opposed to a postal savings system of any kind.

On the republican side Norris of Nebraska "insurgent," was the only member who voted with the democrats for their substitute. On agreeing to the bill as amended by the majority of the house as a substitute for the measure, the vote was 195 to 196. On this vote 26 democrats joined the republicans.

Republicans joined the democrats by voting against the postal bill of the majority: Green of North Dakota, Hubert of Iowa, Lenroot of Wisconsin, Nelson of Wisconsin, and Wood of Nebraska.

Democrats Join Republicans After a motion of Moon of Tennessee to recommit the bill to the committee which reported it had been defeated, the house on the final passage, the vote being 195 to 191. 24 democrats voting with the republicans as follows:

Allen of South Carolina, Anderson of Ohio, Ashbrook of Ohio, Cox of Ohio, Foss of Massachusetts, Foster of Illinois, Hammond of Minnesota, Havens of New York, Henry of Texas, Hitchcock of Nebraska, Hughes of New Jersey, Kinkaid of New York, Maguire of Nebraska, Martin of Colorado, Moss of Indiana, Nicholl of Pennsylvania, O'Neill of Massachusetts, Osborn of Louisiana, Rucker of Colorado, Sabbath of Illinois, Taylor of Ohio, Sulser of New York, Taylor of Colorado, and Velle of Ohio.

Indiana Congressman Vote as follows on the two important votes on the postal bank legislation:

On the democratic substitute representatives Crumpacker and Ward voted "no." Representatives Boehne, Cullop, Cox, Dixon, Adair, Morrison and Barnett, Rauch, Cline voted "aye." On the passage of the Gardner bill representatives Moss, Crumpacker, and Barnard, voted "ye." Representatives Boehne, Cullop, Cox, Dixon, Korbly, Morrison, Rauch, Cline and Thart voted "no." Representative Adair was paired and voted "present."

Salem Milling Co.
Salem, Ky.

Contents of the law Under the terms of the postal savings bank bill passed by the house tonight a board of trustees is created, consisting of the postmaster general, the secretary of the treasury and the attorney general, who shall declare what post offices shall become postal savings banks. Deposits made in these banks made by any one person shall not be more than \$100 a month or exceed in total of \$500. An account may be opened with \$1, but stamps of ten cents each will be issued for those desiring to accumulate money to be deposited. On deposits 2 per cent interest per annum is to be paid. Any depositor so desiring can exchange his deposits for government bonds to be issued in denominations of \$20, \$40, \$60, \$80, \$100 or \$500 to bear interest of 2 1/2 per cent per annum.

Deposit in State and National Banks

The money accumulated in the postal savings banks in the vicinity of the postoffices in which the money is deposited by the people, such bank to pay 2 1/4 per cent interest. Five per cent of the total deposits is to be retained by the secretary of the treasury as a cash reserve. Not more than thirty per cent of these deposits may be withdrawn by the government at any time for investment in bonds of the United States. The remaining 65 per cent to remain on deposit in the banks.

The banks are required to give as security for the deposits they receive, public bonds or other securities supported by the taxing power, which restricts such securities to some form of national, state, municipal or other such bonds approved by the board of trustees in charge of the postal savings banks.

The bill passed by the house as a substitute for the senate bill differs from the senate measure in many particulars chiefly in respect to the nature of the securities that may be given by banks for the deposits of postal savings funds received by them. In addition to government, state and municipal bonds, various other classes of securities such as mortgages etc., may be received.

COUNTY COURT CONVENED MONDAY.

Despite the Busy Time of Year There Were a Number of People in Town.

Judge Walter A. Blackburn convened county court Monday morning and in his regular business way disposed of everything before the court.

The first thing before the court was the reading of the will of the late J. K. Smith. The document was brief and and soon disposed of deceased leaving all his property to his wife absolutely which precludes the necessity of administrator or appraisers.

There were three petitions recorded for change of public roads, as follows: G. B. Taylor, for change of road near his home. T. A. Harpending, Jerry Croft and Jim LaRue were appointed viewers.

R. L. Nichols, change of roads near his home. R. S. Edwards' C. W. Allen and Kelly Orr were appointed viewers.

B. F. Brightman for a change in road near Thurman, Will Lamb, Sam Nunn and Mack Brantley were appointed viewers.

On petition of citizens of Dycusburg for Graded school election, Judge Blackburn granted it and naming Saturday July 23d for holding same.

As county commissioner, Judge Rochester sold the Cardin land, to J. B. Cardin for the sum of \$575.00 there being 60 acres.

CIRCUIT COURT WILL CONVE NE MONDAY WEEK.

MRS. ROCHESTER IN A CREDITABLE SHOW ACCIDENT

Thrown From Buggy in Run-a-way on Last Tuesday Evening and Painfully Injured.

While Judge and Mrs. Rochester were out driving Monday evening their horse became frightened and started to running and kicking, overturning the buggy against a thorn tree terribly bruising Mrs. Rochester. Her face and neck were terribly lacerated from her fall among the thorns. The Judge escaped without injury of any consequence. For a time the report was current that Mrs. Rochester was fatally injured, but this we are glad to say from the report the physician give is not true. A nurse has been employed and with the tender care she is receiving it is safe to say she will soon be out of danger. It seems her escape from a shocking death was miraculous.

Bob Fowler and family, P. C. Lamb and wife, Joel A. C. Pickens and family of Marion, and S. Deboe and family of Fredonia were guests of Mr. and Mrs. James Pickens at their nice country home Sunday.

MRS. A. LEMON DEAD

Mrs. A. Lemon of Iron Hill country died Tuesday night after a protracted illness. She was a widow and was about 50 years old. Mrs. Lemon was a Miss Dean.

LOUGI BROS. SHOWS WILL BE IN MARION NEXT MONDAY AND TUESDAY

Louigi Bros. Shows Will Be In Marion Next Monday and Tuesday

Louigi Bros. shows have been induced to stop at Marion Monday and Tuesday. It is the best overland show on the road. Much better than many railroad shows that charge 50 cents. The dogs, the ponies the clown, and the acting is all first class. They have no man with them who is not regularly employed in his duties and consequently no fakirs. In company with Mr. Eskew we visited it at Salem Tuesday and found it well worth 25 cents admission fee. They carry the best trained lot of dogs, and the best children actors we ever saw. If you attend you are sure to be pleased. Nothing smacking of the vulgar is practiced by them.

Myron Frisbie is back from Pennsylvania now permanently and will resume his former avocation of repairing and will open up a first class repair shop. He is a clever worthy gentleman and we are glad to welcome him in our midst. Any one wanting a bicycle, gun, or machinery repaired can not do better than see him.

T. M. Dyer, of Morganfield, for many years, sheriff of Union county, spent several day in Marion last week looking after his mining interests.

JIM LONG DIES FROM PARALYTIC STROKE

Was Well as Usual That Morning Struck While at Work and From Home

Monday night the town and community were shocked to learn of the sudden death of James Long, a well known teamster of the town. He arose that morning in his usual good health and drove to Lawsons mill, some six miles from town after lumber when he was struck with paralysis, from which he never rallied, dying a short time after he was brought home.

Deceased leaves a wife and three children. He was a respectable, hard working man well thought of by the whole community.

TO MAMMOTH CAVE.

LETTER FROM BLYTH- VILLE ARKANSAS

Dr. W. J. J. Paris Gives Good Re-
port to His Brother of the
"Arkansas Traveler's Home"

Advertisement
Blytheville, Ark., June 14.
W. S. Paris, Marion, Ky.

Dear Brother:—
Your letter of recent date in-
quiring about the country, and
requesting copies of local paper
to hand. I ordered the the
Blytheville News sent to you
three months. Let me know if
you fail to receive it. This is
truly a wonderful country. If
I had come here when I left Ma-
rion I could have been rich.
One of the main troubles for me
here is that the general health of
the people is so good. If a fel-
low gets sick he gets well again
before I get much of a till
against him. Bad cases of pneu-
monia, which my experiences
there have caused me to dread,
recover in a surprisingly short
time. We have had better
health here than ever before in
our lives.

Mrs. Paris suffered less with
rheumatism last winter than she
has in ten years. You would
get well of rheumatism here. I
have not had an attack of
hoarseness since I came here,
you remember how I suffered
there.

The productiveness of the soil
is so wonderful, that by the
fact I don't think you would
accuse me of lying I should not
dare tell you about it.

Cotton is the principle crop
and is well cultivated. But
little attention is paid corn cul-
ture. Many farmers just mark
off the ground and plant with-
out breaking, then plow it once
or not at all and make twenty-
five to forty bushels per acre. I
have the finest garden I ever
had, and there are many better
than mine.

Land which now sells at \$40.00
to \$60.00 per acre, could have
been bought fifteen years ago
for a coon skin an acre and the
coon caught on the land. Be-
sides, the timber which was
then on the land has already
netted the owners \$25.00 to
\$100.00 acre. Within ten miles of
this town there were ten thous-
and acres of first year new
ground cultivated last year and
perhaps as much this year. One
man three miles out is putting
in six hundred acres. On each
of three consecutive Saturday's
last fall the dealers in this town
paid to the farmers over sixteen
thousand dollars for cotton.

Cotton was sold on the streets
every day for three or four
months, but these were the ban-
ner days.

For three years past there have
been erected in town an average
of two houses a week and it is
still being kept up when the
mills can furnish the material.
The cost runs from five hundred
to thirty thousand dollars.
Many of them are substantial
brick blocks. We have sixteen
miles of concrete walks. Every
body and father work and are so
busy with their own affairs that
they have no time to meddle
with yours. These stories may
sound a little fishy but I assure
you that I might write such
things all day without repetition
or lying and then the half would
never yet have been told.

We are making a living easier
than we ever did before.

Yours,
W. J. J. PARIS.

TO OUR READERS!

By special arrangement we offer you a great
opportunity to read

"Chantecler"

EDMOND ROSTAND'S wonderful "Chantecler" is the dramatic sensation
of the world. In it Rostand proves himself to be one of the greatest dram-
atists of all times. "Chantecler" is not only the greatest play of the cen-
tury, it is the one great play of the
last hundred years. It is an exqui-
site story, palpitating with human
sympathy and interest. It warms
the blood—stirs the emotions—
arouses every commendable senti-
ment. "Chantecler" sparkles with
wit—counsels with wise philoso-
phy—entertains with fascinating
idiom—while the tones of the hour
bell of today, and today's problems,
are heard through the medium of
"Chantecler's" deliciously up-to-
date slang. No language contains
sufficient superlatives to describe it.
Only reading and study will enable
you to appreciate it. It has aroused
all France—London has gone mad
over it.

The Only English Translation

Rostand has chosen HAMPTON'S
MAGAZINE as the medium through which
to present "Chantecler" to the English-reading world. The publication will be in four instal-
ments, one act to each instalment, beginning in the June number. The translator is the same
who helped to make "Cyrano de Bergerac" so fascinating to American booklovers.

We have made special arrangements with the publishers of HAMPTON'S by which our
readers may get "Chantecler" and the many other fine features published in HAMPTON'S
in connection with our own paper, practically without cost. Read our offer below.

OTHER EXPENSIVE FEATURES

HAMPTON'S MAGAZINE every month con-
tains the most costly, most important, and
most interesting contents ever put between
the covers of a general magazine. "Peary's
Own Story" of the discovery of the North
Pole, a \$50,000 feature, is now in its most in-
teresting stage, giving the positive "proofs"
that Commander Peary and no other man dis-
covered the North Pole. "The True History
of the Southern Pacific Railroad" by Charles
Edward Russell is one of the greatest mag-
azine serials ever published. Mrs. Rheta
Childe Dorr's articles on the "Power of the
Women's Clubs" are without an equal in their
appeal to women everywhere. Fiction con-
tributors include the foremost story-tellers of

the world: Arthur Stringer has a new series
called "The Adventures of an Insomniac";
James B. Connolly describes in several stories
his Trip Around the World with the American
Flag; Frederick Palmer is contributing a
series of airship stories of which Danbury
Rodd is the central character. The only new
idea in detective fiction since Sherlock Holmes
is provided in the second series of stories about
Luther Trant, the psychological detective,
written by Edwin Balmer and William G.
MacHarg. Other Short Stories are by such
favorites as O. Henry, Gouverneur Morris,
Charles Belmont Davis, Rupert Hughes,
Josephine Daskam Bacon, Harris Merton
Lyon and many others.

Special Offer to Readers of This Paper

By special arrangement with HAMPTON'S MAGAZINE, we are able to make the following
remarkable offer to our readers. The publishers of HAMPTON'S advise us that the demand
for "Chantecler" is tremendous. We therefore advise you to order on the attached coupon
now. The only sure way of getting all of "Chantecler" is to send today.

An Expert's Opinion of Skin Diseases.

A prominent, national expert on
skin diseases whose name you are
familiar with says that in all his sci-
entific experience he has never found so
hard a disease to conquer as Eczema.
Yet he does not hesitate to recom-
mend ZEMO as a most successful
remedy for the treatment of Eczema,
itching skin diseases, dandruff, pim-
ples, blackheads and all other diseases
of the skin and scalp. He says that
not only do its curative qualities make
it popular but also the fact that it is
a clear, liquid remedy for external
use. A great improvement over the
old style greasy soles and lotions
which are not only unpleasant to use
but do not destroy the germ life that
causes the disease. ZEMO draws the
germs to the surface and destroys
them, leaving the skin clear and
healthy. Can be used freely on in-
fants. Haynes & Taylor will gladly
supply those who call with a free
sample bottle of ZEMO and a booklet
which explains in simple language all
about skin diseases and how to cure
yourself at home with ZEMO.

WOMAN ESCAPES OPERATION

Was Cured by Lydia E. Pinkham's Vegetable Compound

Elwood, Ind.—"Your remedies have cured me and I have only taken six bottles of Lydia E. Pinkham's Vegetable Compound. I was sick three months and could not walk. I suffered all the time. The doctors said I could not get well without an operation, for I could hardly stand the pains in my sides, especially my right one, and down my right leg. I began to feel better when I had taken only one bottle of Compound, but kept on as I was afraid to stop too soon."—Mrs. SADIE MULLEN, 2728 N. B. St., Elwood, Ind.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

THOUSANDS GOING TO SEE AEROPLANES

Glen H. Curtiss, The World's
Greatest Birdman, To Be At
Times Aviation Meet.

Nothing that has taken place in Kentucky in recent years has aroused near the interest that is being manifested in The Times' Aviation Meet that is to be held in Louisville at Churchill Downs on June 18 and 19. And recent achievements in aeronautics have served to create an intense desire on the part of every person, both old and young, to see aeroplanes in action.

The recent remarkable flight of Glen H. Curtiss, who flew 150 miles from Albany to New York, and the previous performance of Louis Paulhan, the Frenchman who flew from London to Manchester, in England, are still fresh in the public mind, and as Curtiss heads a team of aviators to appear at The Times' Meet, thousands will journey from all parts of the State to see this wonderful birdman duplicate some of his remarkable feats.

Besides Curtiss will be Charles K. Hamilton, who entered for the \$30,000 prize flight from New York to Chicago; C. J. (Bud) Mar, who also will try for this handsome purse; Howard B. Wild who is to essay a flight from Chicago to Louisville by aeroplane, and Carl Bates who is also a daring sky pilot.

Every railroad in Kentucky and Southern Indiana has made reduced rates for the two days of the meet, and tickets will be good returning on the Monday following. In addition many railroads will run special excursion trains to Louisville for this occasion on which the fares will be remarkably low. Every indication, say railroad officials, is for the largest crowds on June 18 and 19 that ever came to this city.

The Aviators obtained by The Times have already proved their metal, and the meet promises in every way to outstrip any other given in the United States. The Times is spending thousands of dollars to bring these birdmen to Louisville and the enterprise doubtless will prove attractive to thousands of persons all over the State few of whom have ever seen an aeroplane in action. Thus its educational value will make it well worth the time of everybody who wishes to keep abreast of the times.

THE FISHER SHIPP CONCERT

Presenting Comedy Sketches, Musical Program in En Semble and Solo, and Readings.

MAJESTIC THEATRE JUNE 27TH

Fisher Shipp must have been born in May. No other natal month could account for so many moods and delightful surprises. There is more than a hint of May time in her voice, for it is full of sunshine and life, suggestive of Spring. Fisher Shipp can sing. Two years with a great artist would make her a grand opera star. She has a voice of golden smoothness lyric in quality and of remarkable range, (of almost four octaves) sometimes thoroughly dramatic. That one so dainty and thoroughly feminine in appearance should possess a voice of such compass and power is a constant surprise and delight.

Fisher Shipp has other surprises in store for her hearers however. The applause hardly dies away in response to her songs when she makes her bow as reader of the company, vivacious, charming—she enters into her work with all her soul and sweeps us along with her through laughter and tears; to the end of her story, and we know that she is a great reader—a great singer, a great entertainer.

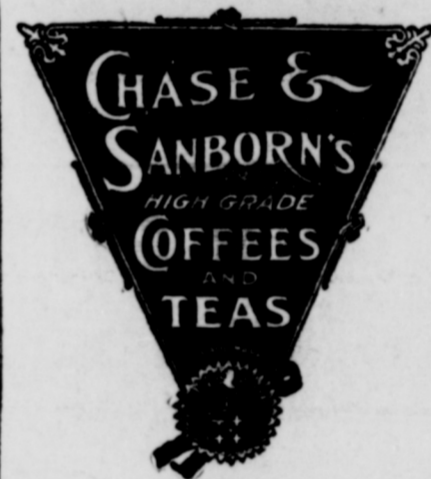

Miss Shipp is a thorough master of her program and has a fine perception of climaxes and values. Result is a pleased and satisfied audience.

Associated with Miss Shipp are three artists exceptionally well qualified to help her in giving a thoroughly satisfactory program. Loar the "Wizzard of the Mandolin" is a revelation to those who believe that instrument to occupy a secondary position in Musical excellence. Mr. Loar studied harmony, theory and orchestration in the Oberlin Mandolin Club. In addition to this he has had the experience of five full Lyceum seasons, and for two seasons played in most of the best vaudeville theatres of the west and south. He is recognized as one of the best mandolin virtuosos before the public, playing with a finish and power not usual on this instrument. In addition to the mandolin he uses the mandola, an

instrument of his own invention, combining the best features of the mandolin and viola. This instrument has five strings, instead of four, an original system of tuning is also used, and in volume, power and facility of expression the effect is that of a complete orchestra. The instrument is undoubtedly one that forces recognition, as being capable of correctly and beautifully interpreting the best in music.

Lovers of vocal art will be pleased that we are able to include in this company Mrs. Etta Goode Heacock, whose beautiful, rich contralto voice has been cultivated by years of conscientious study under the most competent instructors of America, numerous engagements as soloist at music festivals, Chautauquas and other occasions, together with an extended concert and Lyceum experience.

Miss Georgia Erwin, violinist and harpist, is a charming girl of the Southland, a graduate of the Conservatory at Louisburg, Virginia. She completed her musical studies on both harp and violin with some of the best teachers in Chicago, her playing on each of these popular instruments is of the expressive soulful type that appeals most to the general public. The high standing of the company will be maintained by her excellent musical taste and ability.

STOMACH DEAD MAN

STILL LIVES

People who suffers from sour stomach fermentation of food, distress after eating and indigestion, and seeks relief in large chunks of artificial digestors, are killing their stomachs by inaction just as surely as the victim of morphine is deadening and injuring beyond repair every nerve in his body.

What the stomach of every sufferer from indigestion needs is a good prescription that will build up his stomach, put strength, energy and elasticity into it, and makes it sturdy enough to digest a hearty meal without artificial aid.

The best prescription for indigestion ever written is sold by druggists everywhere and by Haynes & Taylor and is rigidly guaranteed to build up the stomach and cure indigestion, or money back.

This prescription is named Mi-o-na, and is sold in small tablet form in large boxes, for only 50 cents. Remember the name Mi-o-na stomach tablets. They never fail.

HER WAY OF ECONOMIZING

It was their first open quarrel. Fate had been leading them gently toward it ever since he gave her his last present of all, a plain gold ring. He was not mean by nature, but he had soon realized that a dollar in the counting is worth two in the home.

"We must economize in small things," he had said when she smilingly showed him the house account for the first month with the balance on the wrong side.

So she cut out ice cream sodas on her daily marketing expeditions and he waited until he got home to see the evening paper.

"We must economize in small things," he had repeated when tearfully she showed him the second month's accounts and some unpaid bills. So she cut out going downtown and ordered everything over the wire. Not having even the manly vice of smoking he could attain no further virtues of economy.

Then there had come a bright spot in their lives followed by a cloud. He noticed that she was making a habit of glancing through the morning paper before he carried it off to read on his way downtown. "She is developing," he had told his mother the next day. He heartily approved of women who took an interest in public affairs. But, alas, every time he made some remark on current topics she said: "Yes, dear," when she ought to have said: "No, dear," and vice versa.

"What on earth is the good of reading the paper if you don't get more out of it than that?" he grumbled. It was the first unkind word and she was too hurt to explain. After that the paper was still untwisted when he carried it off after breakfast. And meantime the accounts were slowly getting better, though there was another deficit at the end of the third month.

"We must economize in small things," he reiterated. "It's the little things that make the big items in life. We mustn't spend one penny unnecessarily."

Then came the cloudburst; one evening when he came home he noticed a copy of the morning's paper lying on the table. He said nothing about it, but when it happened two, three, four days in succession he not too kindly made inquiries.

"Where do you get this extra paper every day?" he asked.

"The man brings two now," she replied.

"Do you mean to say we are paying an extra subscription for a paper that might as well be printed in Chinese for all the good you get out of it? No wonder you can't keep the house expenses down if that's the way you go about it."

"Why shouldn't I have a paper as well as you?" she answered.

His reply was "so unlike him" that she went back to the kitchen with tears in her eyes and promptly spoiled the dinner. This was too much unhappiness for one day. She threw herself into an easy chair and hid her face in her hands.

"It isn't the news," she sobbed when he came to her with quick sympathy for the vanquished. "It isn't the news. It's the advertisements. I was ashamed to let you see me reading it when you found I couldn't talk about the things you read about. But I do get some good out of it. I saved a dime on those chops you enjoyed so much last night and a whole dollar on that shirtwaist you said was pretty last week. And—and—don't you see it's the bargain advertisements they put in every day—and you haven't noticed what better food we get now—and the dinner's spilt and—"

"Well, I'm a—," he murmured. "Wash your face and put on that pretty shirtwaist and we'll have dinner downtown."

They are now economizing in big things.

The Oldest Date.

The age of pristine barbarism, of primitive man, seems to recede ever further and further back, and what is called the dawn of civilization grows more and more remote. Hitherto it has been supposed that the most ancient civilization on earth of which real records had been found could be traced back to B. C. 3500. This refers to ancient Peru, and the culture of its earliest known inhabitants. But the Hometic Review points out that the professor of ancient history at the University of Berlin, Dr. Eduard Meyer, has been studying afresh the Egyptian calendars on the monuments in the Berlin museum. He has discovered that the date B. C. 4141 is frequently cited as that in which the early Egyptian astronomers first calculated their solar year from the rising of the star Sirius. This is by far the oldest reliable date in the history of the human race.

The Crittenden Record-Press

N. E. CALMES Editor and Publisher.

Entered as second-class matter February 25,
1907 at the postoffice at Marion, Kentucky, under
Act of Congress of March 3, 1879.

One Dollar the Year in Advance.

The new School Law, passed
1908, in Sec. 4426a, Sub Section
8 of Kentucky Statutes, reads as
follows:

"Within two years after the
passage and approval of this
act, there shall be establish-
ed by the county Board of
Education of each county
one or more County High
Schools; provided, there is
not already existing in the
County High School of the
first class; If such High
School already exists, and
if the County Board may be
able to make such an ar-
rangement with the Trustees
or Board of Education of
said High School, as will
furnish to the pupils com-
pleting the rural school
course, free tuition in said
High School, then said High
School may be considered as
meeting the purpose of this
law without the establish-
ment by the Board of an-
other High School."

The law further provides
that the first County High School
of the first-class shall be estab-
lished at the County seat. Last
year an arrangement was made
by Superintendent Paris and the
County Board with the trustees
of the Marion Graded School
District, by which the pupils
from the country schools were
given free tuition in the High
School. On Monday, June 13th,
the County Board of Education,
held a meeting in the office of
Supt. Travis at which meeting
the trustees of the Marion Graded
Common School District were
invited to be present and submit
a proposition for taking care of
county High School pupils. The
Marion District trustees proposed
to furnish the buildings janitor

penses, and admit all of the
county High School Department
free of charge to the pupils, on
condition that the County Board
of Education would pay the Dis-
trict \$1100.00. The County
Board refused to accept this
proposition and have failed to
make any provisions for the es-
tablishment of a High School for
the County High School pupils.
The law is plain in its terms, re-
quiring such a school to be es-
tablished and, in view of the
fact that, at the last term of the
Marion school several of the
most promising graduates from
the 8th grade were from the
country and these same pupils
will be eligible to enter the High
School at the next session, it
seems to be a short-sighted
policy upon the part of the Coun-
ty Board to sever its connection
with the Marion Graded School.
We believe it would be to the
advantage of the town and coun-
try both, for them to unite in
the maintenance of a Common
High School, thereby enabling
them to employ a better grade of
teachers and on account of the
greater number of pupils, mak-
ing them take a greater interest
in their studies.

The proposition as submitted
by the trustees of the Marion
School, would enable the County
Board to establish a High School
as required by the law, for less
expense than can be done in any
other way. The amount asked
is only equivalent to the salary
of a first-class Principal or
teacher in the High School De-
partment. Whereas, if the
County Board undertakes to
build or rent its own building,
and provide for heat, light and
janitor service in addition to the
cost of a competent teacher to
carry on the work, the expense
will amount to a great deal more
than the amount asked by the
Marion School.

We understand that it is the
expectation of the County Board
for the County High School pup-
ils to enter the Marion High
School and pay tuition, but are
informed by the trustees of the
Marion District that unless the

County Board makes some con-
tract with them for the admis-
sion of the county pupils, into
the High School department,
they can not be admitted, as ar-
rangements will only be made
sufficient to take care of the High
School pupils residing in the
district. That being the case, it
will be the duty of the County
Board to rent or build a building
and establish an independent
High School of the first-class at
Marion, the County seat. We
would be glad to see two High
School established in Marion,
but we believe that one good
High School of the reputation
that the Marion school has al-
ready established would be bet-
ter than two running under
separate organizations.

It is true that at present there
are only a few pupils eligible to
enter the High School, from the
county schools, but the law does
not make the establishment of
the County High School depend-
ent upon the number of pupils.
The provision must be made
whether there is one or one hun-
dred pupils, and such a contract
must be entered into with the
school already established as will
put it upon the basis of a Coun-
ty High School, as to perman-
ency, or an independent County
High School shall be established
at the County Seat.

Look for a big announcement
in the Record-Press next week.
We have made arrangement to
give away a fine \$500 Baldwin
Piano two Gold watches, two
\$10.00 Gold pieces, one \$15.00
Ladies cloak, one \$15.00 Ladies
hat, one \$15.00 Kitchen Cabinet,
\$10.00 worth of Groceries, \$10.00
worth of Photographs and other
smaller prizes, all to be given
away to the most popular young
ladies of Crittenden, Livingston
and Caldwell counties. Space
and time will not allow of our
making clear all particulars of
the contest this week but will in
next issue. The value of all the
premiums will be the largest
ever put out by county newspa-
per. We have sent out request

young ladies have already sent
in their names as contestants.
So look out for old and new sub-
scribers. Our aim is not to bur-
den any one with more than one
year subscription, but to have
the old Record-Press enter every
home as a welcome visitor.

As a result of the discharge of
Pinchot, Glavis, Kerby and
other interior department em-
ployees, the average govern-
ment worker today feels that it
is worth his position to discuss
even matters of public record
with a newspaperman.

Not merely the averag em-
ployee of the government, but
the highest officials, are afraid
to give newspaper men informa-
tion as to what is going on.
Employees are made to feel that
they owe no fidelity to the pub-
lic, but they are mere personal
servants of the coterie of men
now in charge of the govern-
ment.

"Rule 2. That no interview
shall be granted without secur-
ing from the person soliciting
the same, a promise that he will
before submitting the material
to his publication office, present
a copy of his manuscript to the
director (George Otis Smith) for
approval.

So far as is known among
newspaper men in Washington,
nothing so drastic as this in the
way of press censorship has ever
been attempted before in Amer-
ica.

In 1890, under Cleveland, the
total annual appropriation for
the expenses of the national gov-
ernment was \$340,000,000, or
\$6 for every man, woman and
child. In 1900 our expenses had
increased to \$600,000,000, or \$8
for every man, woman and child.
The last congress appropriated
the colossal sum of \$1,044,401,
875, or nearly \$12 for every man
woman and child. This con-
gress threatens to spend \$17,
000,000 in excess of last year's

Republicans appear reluctant
to concern themselves much
about government expenditures
in relation to the cost of living.
But one thing is certain. Gov-
ernment does not pick up these
hundreds of millions of dollars in
the street. This money comes
out of somebody's pocket. Un-
like city and state governments,
the national government has but
one way of raising revenue to
meet expenses, and that is by
taxing things eaten, worn or
used by the people. Hence it is
that increased cost of living is
marching hand-in-hand with in-
creased Republican extrava-
gance.

TANLEY ALLEGES STEEL TRUST IS IN CONSPIRACY

Washington, June 12.—Rep-
resentative Stanley of Kentucky
today introduced in the house
resolutions requesting the pres-
ident and the attorney general to
send to the house all informa-
tion in the possession of the gov-
ernment showing that there
exists or has existed in the last
year a combination between the
steel trust and seven other com-
panies in violation of the Sher-
man anti-trust act.

On May 28, 1906, Mr. Stanley
introduced a resolution asking
an investigation of the Ameri-
can Tobacco company, the Con-
tinental Tobacco company and the
imperial Tobacco company.

The result of this resolution of
inquiry was, as is well known,
that indictments were found
against the American Tobacco
company, based upon the evi-
dence first produced by Mr.
Stanley, the cases now pending
before the supreme court of the
United States.

Now After Steel Trust

In line with the same fight
that he waged against the to-
bacco trust, Mr. Stanley has
within the last few weeks been
devoting his time to a study of
the operations of the United
States Steel corporation and

sufficient information to make
good the charges in his resolu-
tion.
Stanley's resolution alleges
conspiracy.

Entered as second-class matter February 9th 1907 at the postoffice at Marion, Kentucky, under Act of Congress of March 3, 1879.

One Dollar the Year in Advance.

The new School Law, passed 1908, in Sec. 4426a, Sub Section 8 of Kentucky Statutes, reads as follows:

"Within two years after the passage and approval of this act, there shall be established by the county Board of Education of each county one or more County High Schools; provided, there is not already existing in the County High School of the first class; If such High School already exists, and if the County Board may be able to make such an arrangement with the Trustees or Board of Education of said High School, as will furnish to the pupils completing the rural school course, free tuition in said High School, then said High School may be considered as meeting the purpose of this law without the establishment by the Board of another High School."

The law further provides that the first County High School of the first-class shall be established at the County seat. Last year an arrangement was made by Superintendent Paris and the County Board with the trustees of the Marion Graded School District, by which the pupils from the country schools were given free tuition in the High School. On Monday, June 13th, the County Board of Education, held a meeting in the office of Supt. The Marion District trustees proposed to furnish the buildings janitor

It is true that at present there are only a few pupils eligible to enter the High School, from the county schools, but the law does not make the establishment of the County High School dependent upon the number of pupils. The provision must be made whether there is one or one hundred pupils, and such a contract must be entered into with the school already established as will put it upon the basis of a County High School, as to permanency, or an independent County High School shall be established at the County Seat.

Look for a big announcement in the Record-Press next week. We have made arrangement to give away a fine \$500 Baldwin Piano two Gold watches, two \$10.00 Gold pieces, one \$15.00 Ladies cloak, one \$15.00 Ladies hat, one \$15.00 Kitchen Cabinet, \$10.00 worth of Groceries, \$10.00 worth of Photographs and other smaller prizes, all to be given away to the most popular young ladies of Crittenden, Livingston and Caldwell counties. Space and time will not allow of our making clear all particulars of the contest this week but will in next issue. The value of all the premiums will be the largest ever put out by county newspaper. We have sent out request

young ladies have already sent in their names as contestants. So look out for old and new subscribers. Our aim is not to burden any one with more than one year subscription, but to have the old Record-Press enter every home as a welcome visitor.

As a result of the discharge of Pinchot, Glavis, Kerby and other interior department employees, the average government worker today feels that it is worth his position to discuss even matters of public record with a newspaperman.

Not merely the average employee of the government, but the highest officials, are afraid to give newspaper men information as to what is going on. Employees are made to feel that they owe no fidelity to the public, but they are mere personal servants of the coterie of men now in charge of the government.

"Rule 2. That no interview shall be granted without securing from the person soliciting the same, a promise that he will before submitting the material to his publication office, present a copy of his manuscript to the director (George Otis Smith) for approval.

So far as is known among newspaper men in Washington, nothing so drastic as this in the way of press censorship has ever been attempted before in America.

In 1890, under Cleveland, the total annual appropriation for the expenses of the national government was \$340,000,000, or \$6 for every man, woman and child. In 1900 our expenses had increased to \$600,000,000, or \$8 for every man, woman and child. The last congress appropriated the colossal sum of \$1,044,401,875, or nearly \$12 for every man, woman and child. This Congress threatens to spend \$17,000,000 in excess of last year's

Republicans appear reluctant to concern themselves much about government expenditures in relation to the cost of living. But one thing is certain. Government does not pick up these hundreds of millions of dollars in the street. This money comes out of somebody's pocket. Unlike city and state governments, the national government has but one way of raising revenue to meet expenses, and that is by taxing things eaten, worn or used by the people. Hence it is that increased cost of living is marching hand-in-hand with increased Republican extravagance.

TANLEY ALLEGES STEEL TRUST IS IN CONSPIRACY

Washington, June 12. - Representative Stanley of Kentucky today introduced in the house resolutions requesting the president and the attorney general to send to the house all information in the possession of the government showing that there exists or has existed in the last year a combination between the steel trust and seven other companies in violation of the Sherman anti-trust act.

On May 28, 1906 Mr. Stanley introduced a resolution asking an investigation of the American Tobacco company, the Continental Tobacco company and the imperial Tobacco company.

The result of this resolution of inquiry was, as is well known, that indictments were found against the American Tobacco company, based upon the evidence first produced by Mr. Stanley, the cases now pending before the supreme court of the United States.

Now After Steel Trust

In line with the same fight that he waged against the tobacco trust, Mr. Stanley has within the last few weeks been devoting his time to a study of the operations of the United States Steel corporation and

sufficient information to make good the charges in his resolution.

Stanley's resolution alleges conspiracy.

A GREAT ENTERPRISE COMES TO MARION

Haynes & Taylor Makes an Important Connection With the Largest Co-Operative Corporation in America, Backed By Men Doing an Annual Business Amounting to \$75,000,000.

PEOPLE OF MARION BENEFITED

Haynes and Taylor, of this city, have with characteristic enterprise, demonstrated their ability to keep well abreast the times by connecting themselves with the largest druggists' co-operation in America. The men connected with this enterprise do a yearly business aggregating over \$75,000,000, which well emphasizes its soundness and magnitude.

About three thousand retail druggists throughout the United States have organized themselves as a co-operative company for the purpose of producing a line of medical preparations which they recommend, absolutely guarantee and back up their own names and personal reputations. The formulas of these remedies are thoroughly known to every one of these druggists and the ingredients of each will be truthfully described to the public and the remedies sold with the distinct understanding that the purchasing price will be instantly refunded without question or quibble if they fail to benefit the user.

One thousand different formulas were turned over to the company. Each formula being selected because of its tested and proved value and established reputation, gained through continued and successful use by prominent physicians.

A research committee of expert chemists and physicians made a most thorough and exhaustive test of each one of these one thousand prescriptions until they had selected about three hundred as being the very best and most dependable known to medical science, each for the treatment and cure of a particular ailment.

These three hundred remedies are now manufactured by the company, which is known as the United Drug Co., Boston, Mass., in the largest, most modern and best equipped pharmaceutical laboratories in America.

The tremendous output of this company enables it to purchase drugs, herbs and other necessary material in large quantities. The co-operation and professional advice of 3000 leading druggists guarantees the high quality of everything used and guarantees that only formulas of extraordinary merit used in the manufacturing of their products.

The preparations of the company are shipped direct to the retail druggists who are connected with the enterprise. Thus their absolute freshness is assured, it is impossible for their quality to deteriorate, there are no middlemen's or jobbers' profits to be added to their cost, and the public can obtain these products at actual cost of manufacture, plus a single retail profit.

One noticeable feature of this business and a very commendable one is, that no one remedy manufactured by this company is a "cure-all." Each one of the 300 different remedies is a known and dependable specific for a particular ailment. The confidence of the druggists interested in this enterprise is unquestionably demonstrated by this guarantee, which is printed

on every package: "The United Drug Co., and the Rexall Store selling this preparation guarantee it to give satisfaction. If it does not, go back to the store where you bought it and get your money—it belongs to you, and we want you to have it."

This is certainly an innovation that must appeal to the people of Marion. It insures safety and satisfaction because our own local druggists, Haynes & Taylor, who are so well known and highly respected for their integrity, are connected with this enterprise and are staking their own personal reputation on the quality of these remedies, and the very frankness with which they take the people of Marion into their confidence insures an unprecedented success for these remedies, which are sold under the tradename, Rexall, which means King-of-all. From reports coming from thousands of towns and cities, the Rexall remedies are certainly demonstrating their full title to the name.

Those who have previously refused to buy proprietary medicines because there was no way of ascertaining their ingredients can now purchase Rexall remedies, the formulas of which they can have for the asking. Besides, they are sold by a concern personally known to you and located right here in our own city who guarantees that they are in every way as represented or they will cost nothing.

Rexall Dyspsia Tablets are one of the first of three hundred remedies which are being introduced. Anyone in Marion who suffers from stomach derangement, indigestion or dyspepsia should not hesitate to try this Rexall Remedy when they are so highly recommended and backed with such a strong guarantee.

Haynes & Taylor are so well and favorably known for their sterling honesty and square dealing that we predict a great success for them with the Rexall Remedies, and they are to be heartily congratulated in bringing this great and modern enterprise to Marion.

We urge all who may be in need of prepared medicines to call on Haynes & Taylor and learn about the Rexall Remedies. Enterprise of this sort should be encouraged.

MARION MILLING COMPANY

For years these mills are known to have produced
the best flour on the market, for which the best and
most modern machinery, a good miller and the very
best wheat grown, is responsible. It has been admitted
by competitors that the reason we can produce the best
flour is because Crittenden and the surrounding terri-
tory from which we are supplied, grow the best wheat.

BUY OUR CELEBRATED ELK BRAND OF FLOUR
AND YOU BUY THE BEST FLOUR MADE.

The Marion Milling Company has been loyal in buy-
ing your wheat, allowing the farmers the same they
would have received in Evansville, saving them the
freight. In return for this we ask you to buy our flour,
knowing at the same time you are buying the best.

WE SELL FLOUR, ELK AND CROWN BRANDS,
BRAN, SHIP STUFF, CHOPS AND FEED STUFF

Having a care in giving you more for your corn and
wheat than you can get elsewhere selling you the best

has been out of the question.
This meeting at Hill's Dale will
bring together the Methodist
people of the whole county.

Prominent laymen from the
various churches have taken the
matter in hand, and suitable
committees have been appointed
and are already working to
make the day a notable one in
Crittenden County Methodism.
The program, though not now
complete, gives promise of being
especially attractive.

CATAARRH QUICKLY CURED BY A PLEASANT GERM-KILLING ANTISEPTIC

The little Hyomei (pronounced High-
o-me) inhaler is made of hard rubber
and can easily be carried in pocket or
purse. It will last a life time.

Into this inhaler you pour a few
drops of magical Hyomei.

This is absorbed by the antiseptic
gauze within and now you are ready to
breathe it in over the germ infested
membrane where it will speedily begin
its work of killing catarrh germs. Hy-
omei is made of Australian eucalyptol
combined with other antiseptics and is
very pleasant to breathe.

It is guaranteed to cure catarrh,
bronchitis, sore throat, croup, coughs
and colds or money back. It cleans
out a stuffed up head in two minutes.

Sold by druggists everywhere and by
Haynes & Taylor. Complete outfit
included inhaler and one bottle of Hy-
omei, \$1.00. And remember that ex-
tra bottles if afterward needed cost
only 50c.

Call or telephone your order to
T. H. Cochran and Co. for porch
swings.

"I Am Glad"

writes Mrs. Ethel Newlin,
of Liberty Center, Ind.,
"that I began to take Car-
dium, for it has cured me,
and I will never forget it."
"I cannot praise Cardium
too highly for what it did
for me. Before I began
to take it, I was very
bad color, suffered great
pain and weighed only
105 pounds. Now I have
a good color, do not suffer
and weigh 125 lbs."

The Woman's Tonic

Beware of strong, nox-
ious, mineral drugs, that
sink into your system,
like lead to the bottom of
a basin of water.

Cardium is purely vege-
table and contains no
poisonous minerals, or
dangerous drugs.

It is perfectly safe and
harmless, for use by old
and young, and may be
taken, as a tonic, for
months, without any possi-
ble harmful effect. Try it.

**Farmers should eat
more oatmeal.**
Although the farmer of today is able
to buy almost anything he wants to
wear or to eat he isn't paying enough
attention to food values when it comes
to his own table.
If he has been watching the exten-
sive researches and experiments on
the question of the best human food
for muscle and brain he will heed the
advice from all sides to "eat more
Quaker Oats."
Quaker Oats is mentioned because
it is recognized in this country and
Europe as the best of all oatmeals.
Feeding farm hands on Quaker Oats
means getting more work out of them
than if you feed them on anything
else.
For hot climates it is packed in
hermetically sealed tins; regular size
package 10c. 61

**Free Liver
Remedy**
It is well to stop a physical ail-
ment at the first signs of its approach,
and that is especially true of liver
trouble, which can eventually give
rise to so many serious complications.
Many have liver trouble and imagine
it is indigestion, and hence take the
wrong remedy.
When the liver does not store up suf-
ficient gastric juices it becomes sluggish,
and in this way disturbs the stomach and
bowels, with which it is supposed to work
in harmony. Then comes the sallow
complexion, the pimply face, the dull
pain in the forehead, the thinning of
the blood, etc. A very quick and sensible
way to stop the trouble as well as to
cure it is by the use of Dr. Caldwell's
Syrup Pepsin, which contains ingredients
especially intended to promote the ac-
tivity of the liver.
Among the many thousands who have
written the doctor about the results
achieved with his remedy, and who are
glad to make the facts public so that
others can help themselves, are Mr. Jas.
Kennedy, St. Louis, Mo.; Mrs. S. A.
La Rue of Smith's Grove, Ky., and many
others.
These, like thousands of others, started
the use of Syrup Pepsin with a sample.
If you will send your name and address
you can also obtain a free trial bottle.
This will prove to you that liver trouble
is promptly cured with this remedy or
money will be refunded. Having tried
it you can then buy it in the regular
way of your druggist at fifty cents and
one dollar a bottle, and the latter is
sufficient for an entire family.
This remedy is a vast improvement
over cathartic tablets and salts, which
only do good for the time being. Syrup
Pepsin is permanent in its results, is
pleasant to take and does not gripe. It
is especially good for all those who can-
not stand a violent purgative.
Dr. Caldwell personally will be pleased
to give you any medical advice you may
desire for yourself or family, pertaining to
the stomach, liver or bowels absolutely
free of charge. Explain your case in a
letter and he will reply to you in detail.
For the free sample simply send your
name and address on a postal card or
otherwise. For either request the doctor's
address is Dr. W. B. Caldwell, R. 500 Cald-
well building, Monticello, Ill.

**OUR WASHINGTON
CORRESPONDENT**
What Our Trusted Law-Makers are
Doing and What May Come
of it.
Washington, D. C. June—15.
Whether an Army engineer is
to be placed at the head of the
Reclamation Service is a ques-
tion that officials of the adminis-
tration refuse to discuss at this
time. It is now almost certain
the Frederick H. Newell will
tender his resignation as Di-
rector of the Reclamation Ser-
vice to take effect sometime in
August. He does not retire vol-
untarily, it may be said. In
fact there has been friction be-
tween Mr. Newell and Secretary
Ballinger ever since Mr. Ballin-
ger became Secretary of the In-
terior. It is said that Secretary
Ballinger thoroughly believes
that the great reclamation pro-
jects would be better adminis-
tered by an officer of the En-
gineer Corps of the Army and it
is thought he has converted
President Taft to his way of
thinking.
Gossip has it that General W.
L. Marshall, chief of the Corps
of Engineers, who will soon re-
tire from the Army on account
of age, will succeed Mr. Newell
as Director of the Reclamation
Service. That the administra-
tion seriously contemplates as-
signing engineer officers to irri-
gation projects is made plain in
a bill that recently passed the
House, and which has been re-
ported favorably by the Senate
Committee on Military Affairs.
This is "a bill to increase the
efficiency of the engineer corps."
It adds sixty officers to the
corps, but contains a provision
under which, if enacted into law,
the President may detail en-
gineer officers for duty on irri-
gation works. The provision
reads as follows: "That the
President may, in his discretion,
detail any engineer to the su-
pervision or inspection of any
engineering works of construc-
tion carried on by the govern-
ment pursuant of the law".
This bill was approved by the
War Department before it passed
the House. It is certain to
provoke a lively debate if it is
brought up for passage in the
Senate at this session. Opinion
appears to be divided among
Senators as to whether army en-
gineers would prove more effi-
cient than civilians in the work
of construction irrigating pro-
jects.
The conference report on the
river and harbor appropriation
bill which was reported to the
two Houses on May 31st shows
that the Senate receded from
nineteen amendments while the
House receded on 135 amend-
ments, the conference committee
reducing the bill by about \$750,-
000 from the amount carried by
the Senate. While no serious
opposition is expected to the
conference report it is thorough-
ly well known that Senator
Bailey, Senator Beveridge Sena-
tor Burton are opposed to cer-
tain features of the bill as
agreed to in conference and will
voice their objections on the
floor. It is not expected that
they will organize a campaign
to defeat the conference report
although Senator Bailey is en-
deavoring to have the bill re-
committed to the committee on
conference with certain in-
structions but a close canvass of
the Senate shows that he will not
have votes enough to bring this
about. In event that Senator
Bailey should succeed in sending
the bill back to conference with
instructions there are those who
see in the movement danger and
in consequence will fight such a
movement with all the strength
at their command, for the more
the bill is studied in all its par-
ticulars the better satisfied are

connected with its making.
The passage of the railroad
rate bill in the Senate late Fri-
day night is an important step
toward adjournment of Congress
although it yet seems to be a
long way off. Chairman Mann,
of the Interstate and Foreign
Commerce committee of the
House, who will be one of the
conferees on the bill anticipates
that the bill will be in confer-
ence at least three weeks and it
may run longer for the Senate
has added many provisions to
the bill over those of the House
so that a "full and free" confer-
ence will mean a debate on
every paragraph of the bill and
it is just possible that the con-
ference may decide upon new
verbiage in order to harmonize
the differences that of necessity
exists between the conferees as
representing their respective
houses. It can be said of the
bill; as it passed the Senate,
that it is a very long step for-
ward toward railroad rate regu-
lation upon broad and compre-
hensive lines. And it clothes
the Interstate State Commerce
Commission with power that the
courts have held that it did not
have either under the Sherman
anti-trust act or the Hepburn
rate act.

RESOLUTIONS OF RESPECT.
Whereas the grim Reaper,
Death, has invaded our ranks
and called from our midst our
beloved neighbor, Joseph C.
Minner, an esteemed member of
Marion Camp No. 11576 of M. W.
of A., who departed this life,
May, 31, 1910, about 40 years
old.
Resolved, that in the death of
neighbor Minner, our camp has
lost a noble and worthy member,
the community an honorable and
upright citizen, and his family,
an affectionate and devoted hus-
band and father, and from
among them his absence will be
sadly felt.
Resolved that on behalf of the
members of this order we tender
the bereaved family our sin-
cere sympathy in this, their sad
hour of trial and sorrow and
commend them to the care of
Him who doeth all things well.
Resolved that a copy of these
resolutions be spread upon our
minute book, a copy sent to the
family and a copy be furnished
to the Crittenden Record-Press
for publication.

**ECZEMA—A GERM DISEASE
CAN NOW BE CURED**
The Medical profession is all agreed
that ECZEMA is a germ disease, but
the thing that has baffled them is to
find some remedy that will get to the
germs and destroy them.
Zemo's clean, external treatment
has solved this difficulty by drawing
the germs to the surface of the skin and
destroying the germ life that causes
the diseases. The whole method of
treatment and cure by zemo is ex-
plained in an interesting book on the
subject issued by the makers of ZEMO.
It tells how to cure yourself at home
of Eczema, Blackheads, Pimples,
Dandruff, and all diseases of the skin
and scalp. Call at Haynes & Taylor's
Drug Store for Booklet and learn more
about this clean, simple remedy that
is now recognized the standard treat-
ment for all diseases of the skin and
scalp.

A VISIT TO SALEM TUESDAY

We Found a Thrifty Set of Merchant and a prosperous town and Community.

As our subscription list at Salem is large, considering the fact that it is not in our own county, to show our appreciation for this liberal patronage, we, on last Friday visited this wide-awake good town, and for sure the hospitality shown us by the citizens of the town and county made us glad we went. These dear friends of the old Record-Press gave us a truly hearty welcome as our increased subscription list will show. They overlooked the line between the Livingston and Crittenden and gave us true Kentucky hospitality. On our trip we were pleased to note they had better roads than we have for at least four miles from Marion and their surrounding farming country was fine. Surely their is the spirit of thrift among the farmers around Salem. The first man to hail us with a dollar was that thrifty old merchant J. A. Farris, who has successfully made his landings through the business sea's for 42 years, and now in his ripe old age is able to look back over a life well spent and blessed with peace and plenty. He owns several nice farms and has a fine field of clover near town that is the finest we have ever seen.

N. R. Farris & Co., Druggists, have a nice store and are doing a prosperous business, their success being principally due to their liberal use of printers ink. The Salem Bank is a strong institution capitalized at \$16,000 with \$8,000.00 surplus and \$55,000.00 deposits. The officers are: Dr. J. V. Hayden, Pres; T. M. George, Vice Pres; and clever J. L. Elder, Cashier with C. R. Stevens, T. P. Barnes, Robt. Boyd, J. D. Farris and N. R. Farris Directors.

F. G. Cox & Son are proprietors of a large and lucrative hardware and implement business and enjoying a big trade.

Robt. Boyd owns a clean up-to-date grocery and enjoying a trade won by fair dealing.

H. B. Rappole is proprietor of a nice Restaurant and grocery.

J. H. Walker, besides being the accommodating postmaster owns the Jewelry Store and is doing a prosperous business.

J. H. Stevens is another of the prosperous grocery men of the good town, enjoying a liberal patronage.

McDaniel & Co., are prominent dry goods merchant with complete line for their large list of customers to select from.

Simpson & Elder Dealers in

dry goods, notions, clothing & etc. They keep abreast of the foremost anywhere.

Rappole & Summers, Dry Goods, etc. are wide-awake merchants, solicitors of your trade and anxious to please you.

M. Grisham has one of the most complete and modern blacksmith shops to be found even in the larger cities. He has the best and most expensive machines for shrinking tires we have ever seen. He also grinds corn, making good meal for one-eighth toll or ten cents per bushel. He has been in the blacksmith and machine business for 40 years.

T. A. Monroe is the clever proprietor of the other blacksmith shop and is one of the best in Western Kentucky. For horse shoeing and general repair work he is master of his profession.

James Guess is proprietor of the livery business and has a nice new commodious building for his large stable of horses and vehicles.

Mrs. M. D. Roney is proprietor of the splendid Salem Hotel and indeed Mrs. Roney has nice rooms and sets a table equal to the city \$2.00 a day house. She will make you feel at home when you stop at Salem.

Mrs. E. L. Franklin is the popular Milliner of Salem and keeps a line of up-to-date goods that pleases her trade.

Fred Foster is proprietor of the best little barber business in Western Kentucky and is a clever, courteous gentleman.

The physicians are Doctors J. V. and J. L. Hayden, F. V. Mattock and R. K. Waddell.

H. D. and H. R. Tutt compose the Salem Milling Company that for equipment and capacity are ahead of any thing in Livingston county. This mill is large and well constructed and their brands of May Belle, their patent and Ladies choice, their straight grade is winning them friends in every home it enters. This nice new mill will compare with any of the large city mills. Tutts are clever gentlemen and we predict for them a prosperous career. Salem people and farmers of the rich country around are justly proud of their Mills.

Salem has a nice Masonic Hall and are preparing to build a new school house.

The Baptist congregation are now building a nice concrete church to cost \$2000 and will likely dedicate it in September. The pastor is Rev. W. C. Pierce. Methodist church, Rev. J. R. Hoagland pastor.

Presbyterian church Rev. Wm. Savage pastor.

W. L. Alley the prominent stock buyer ships by both rail and river. He was preparing to ship several hundred head to Evansville by boat while we were there.

Our new subscribers while

there were: M. Grasshom, J. S. Kirk, S. L. Anderson, T. A. Monroe, Salem Milling Co., F. M. Tutt, of Weaver, Tenn., C. E. Lockhart, Harve Foreman, C. W. Conyers, C. D. Nelson, J. L. Elder, Mrs. H. E. Merrett, 6910 Wash. Ave Chicago, J. M. Roney, 922 62nd St. Chicago, J. M. Guess, Mrs. M. D. Roney, Earnest Hill, with renewals from J. A. Farris, A. L. Alley, T. W. Lowery and Miss Teresa Hardin. This runs our list at Salem to above one hundred. Such a list makes a newspaper man feel good and we mean to make you glad you gave us such a welcome.

WHAT A GREAT MAN SAID TO THE GREAT AMERICAN PEOPLE

Parisian Sage is a discovery of a celebrated scientist, who spent the best years of his life perfecting this great hair tonic.

In giving his recipe to the American people he said: "Parisian Sage is the most delightful hair dressing in the world. It cures dandruff by killing the germs that infest the roots of the hair; it stops falling hair; it gives vigor and strength to the hair roots. Haynes & Taylor sell Parisian Sage at 50c. a large bottle and guarantees it to do all that is claimed for it, or your money is refunded. It stops falling hair, dandruff and itching scalp in two weeks.

LOST

Somewhere in Marion, one pair of double lens spectacles. Finder please return to J. G. Rochester and get reward.

DANDRUFF CURED IN TWO WEEKS OR MONEY BACK

The above is the guarantee Haynes & Taylor the druggists, are offering for Parisian Sage, the greatest of all hair restorers.

If you have dandruff take advantage of this offer and kill the little dandruff germs that will surely steal your hair if allowed to continue to persistently burrow into the hair roots.

Parisian Sage is also guaranteed to stop falling hair and itching of the scalp.

Don't accept any substitute from any druggist. Parisian Sage is the original prescription of one of the world's greatest scientists, and is manufactured only in this country by Haynes & Taylor, druggists.

Parisian Sage is an exhilarating and pleasant hair dressing; it is not sticky or greasy and it makes the hair soft, beautiful and luxuriant.

A NEW HOME, SWEET HOME

Here's a beautiful picture of "The Sweet Home," not the one of the sweet song; but a modern home, built by turtle doves, who stay through the whole day long. They have only been married just one short year, but what a happy pair, and love sits every chair. Each room in the house is a little gem, the furthest from the old and new, and while not the most expensive, they're handsome and tasteful. The wife is as pretty as the husband and wise as she is pretty being. She used Chi-Namel on all the floor and recommends it to brides. The Chi-Namel Ready-to-Use Graining Process will make any old floor look like new surface. Sold by W. O. Tamm Furniture Co.

NOTICE.

The county board of trustees of division No. 4 will meet in Marion at the county Superintendents office on the fourth Saturday, June 25, for the purpose of employing teachers for the ensuing year. All teachers will apply in writing to C. L. Hunt, the Secy.

DECIDE FOR YOURSELF.

The opportunity is here backed by Marion testimony.

Don't take our word for it.

Don't depend on a stranger's statement. Read Marion endorsement.

Read the statements of Marion citizens. A decision for yourself.

Here is one case of it: A. H. Fritz, Depot St., Marion, Ky., says: "I know Doan's Kidney Pills to be an effective and reliable kidney remedy, for sometime I had an extreme lameness in my back and sharp cricks caught me when I arose from a stooped position. The kidney secretions were also irregular in passage and felt miserable in every way. Doan's Kidney Pills procured at Haynes & Taylor's Drug Store, were prompt in relieving me of all these annoyances. I have no hesitation in giving this remedy my highest endorsement."
